## Judge Waite Rules for Boyd in Election Contest

(Desert Sun Photo)  
**SUMMER SPORT**—More than 100 persons daily are rallying at the high school pool which has been opened to the public for the Summer months. The pool is open daily from 2 to 6 p. m. and from 7 to 9 p. m. Free swimming lessons are offered for children.

### Mrs. Driskell Gravely Hurt on Riding Trip

Mrs. Emma Driskell, wife of C. L. (Tex) Driskell, both well known Villagers, is in Desert Hospital, seriously injured as result of a fall in Rattlesnake canyon, near Pioneertown, Sunday.

She suffered cerebral concussions and a sprained ankle when the horse she was leading over rough terrain in the canyon, shied from a rattlesnake knocking her down. Her head struck a rock, dangerously near the snake.

Dr. John Bendall of Yucca Valley, was called to the scene to render first aid. It took him almost five hours to make the round trip over the rough trail. He said later that had he known the dangers of the trail he would have asked for a helicopter to effect the rescue.

See ACCIDENT, Page 5

### This Side of the Sun

By Mrs. G.

This time I am really sorry. Due to the nosiness of some subscriber who suggested to phat (keep that first letter down, please) that he relinquish This Side of the Sun to me whenever there comes a week with a Friday, the 13th in it, I am writing this in the seclusion of our cool home, away from the whistling, singing, occasional verbal encounters and other distractions that are sometimes evident at The Sun office. By "other" distractions I am not including the pretty office girls. But because there is a Friday, the 13th this week PLUS the fact that Sunday is Father's Day, you'll have to bear with me for a little while.

**MONDAY EVENING** phat handed me a clipful of notes. That's for this week's column he said. He pointed to Friday on the calendar and to Sunday. "What's Sunday got to do with it?" I asked. Phatters' Day, he said. I'm not going to spell it that way. I argued O. K. spell it any way but spell it, he said. I had a little trouble reading the notes. I thought at first he had somehow managed to acquire the tape from the seismograph at Caltech. But he explained that CHK MGN FSP meant to comment on the fact that when a son arrived for the Charles McGann of the Friendly Southern Pacific they should have named the boy Francis Stephen Paul McGann. Then he could have gone through life as F.S.P. McGann. Instead they named him Michael Emmett McGann which

### POOL ATTENDANCE NOW TOPPING 100 EACH DAY

Attendance at the high school swimming pool, operated during the Summer for public use, is now averaging more than 100 per day. The project is operated jointly by the city recreation department, Howard Haddock, director, and the Palm Springs Unified School District.

Swimming lessons are con-

ducted at the pool Mondays through Fridays between 2 and 3 p.m. Children taking advantage of the lessons are in charge of certified water safety instructors.

The pool is open every day from 2 to 6 p.m. and from 7 to 9 p.m.

Thirty eight pupils registered for swimming lessons on the first day, Monday, June 9.

### Young Villagers Raise Fund for Ailing Hospital Patient

(Photo on Page Seven)

Little Charlene Thompson, seriously ill at Desert Hospital, is learning day by day what a big heart the Village has, even the little Villagers.

Six youngsters, hearing their parents, active in the Welfare and Friendly Aid society, discuss the case, acted on their own. They contacted Claude Valeur and talked him out of a heavy crop of figs on his garden tree. They talked K. Komuro of the Village Market out of baskets which he gave although they went into competition with him. They picked the figs and sold them. That put \$20.10 into the tin can which was their cash register.

**AN ANONYMOUS DONOR** put forth a dollar to go toward the fund in the can.

Young Phillip Staley, swimming at the Desert Inn pool spotted 34 cents in change lying at the bottom of the pool. He went after it in successive dives and brought it up. It went into the can.

With this help and the contributions of local doctors and many individuals, little Charlene is going to make it.

She needs blood transfusions and volunteers were asked. First to respond was Rita Darwin of The Sun staff.

**OTHERS WISHING** to donate blood are asked to contact the hospital.

Meantime, a fund, called the Charlene Thompson fund, is growing. Contributions may be made or mailed to The Desert Sun which was asked by the

group interested, to accept them on behalf of the girl.

The youngsters who went into the fig deal in a big way are Larry Purcell, Pete Isenagel, Jeff Isenagel, Lynne and Chuck Coffman and Charles Rogers.

### Tribute Paid Memory of Mrs. Coffman

Members of the family of the late Nellie N. Coffman, whose faith and vision helped build Palm Springs, and friends gathered at Palm Springs cemetery Tuesday evening in graveside services honoring her memory on the second anniversary of her death.

Mrs. Coffman passed away on June 10, 1950, at the age of 82. Opening the Desert Inn in 1909, she was among the first to envision this community as a winter resort and was a leader in activities to bring that about. She was in the van in all movements for the good of the Village throughout her long and active life.

Tribute was paid to her memory at the simple graveside services Tuesday evening as the gathering stood with bowed heads in the cemetery.

Dr. B. B. Weatherall, who spoke at Mrs. Coffman's funeral services and at the first memorial service last year, again addressed the family and friends reciting the good works of the Village pioneer.

### Charles Bonoff, Well Known Winter Resident, Dies in East

Charles Bonoff, well known winter resident of Palm Springs for many years, succumbed in Brooklyn this week according to word to friends here.

Mr. Bonoff had been ill for two weeks at Desert Hospital and it was decided to move him to a hospital in Brooklyn, his home city. He died the day after he was moved there.

Funeral services were held Tuesday afternoon at Temple Isaiah with Rabbi Arthur B. Lebo-

witz in charge. Mr. Bonoff was one of the organizers of the Jewish Community Center and a vice president and director in Temple Isaiah.

He was the retired head of the Cascade Laundry in Brooklyn, and a member of many local organizations.

He is survived by his wife, Hedda, two daughters, Lillian Radnitz and Minna Troy.

The Bonoffs' local home is at 819 Mel avenue.

### Development of Indian Ave. Area Planned

Trailer Village Leased by Tribe to New Company

Announcement was made this week that all negotiations whereby the Tribal Council of Agua Caliente band of Indians leased the entire Palm Springs Village area to the Indian Land Development company have been completed and plans for development of the area into a new center are under way. The lease is effective as of June 1.

The Indian Land Development company will develop business frontage on Indian avenue and lease out the trailer area to another group of competent operators.

**THE AREA INVOLVED** has a 330-foot frontage on Indian avenue and extends eastward to El Segundo. It is just north of Hatchett's Market new store building.

William Veith, former Indian agent and present manager of Rancho Trailer park will be president and manager of the group in active operation of Palm Springs Trailer Village.

Extensive plans for the repair, rehabilitation and improvement of the park are in the making. A recreation area, swimming pool, and sanitary facilities will be installed in the near future.

**IN A NOTICE** to tenants of the Trailer Park Veith said Tuesday that they were informed that it is hoped they proceed as in the past and that the improvements will be made with no inconvenience to them and they need hold no fears of being dispossessed. Veith said that even those living in the space zoned for business probably will not be moved for some time.

The cabana situation is still in doubt awaiting a test case of the state law in Orange county. But from this time forward, the Trailer Village will be subject to state inspection for health, safety and sanitation.

**MEANTIME**, plans for the development of the business frontage by the Indian Land Development company are proceeding. Many projects for the improvement of the area are in the making.

Ground was recently broken in the area for the new office of the Coachella Valley Savings and Loan corporation just opposite the Plaza on Indian avenue. President William Smith of the company said their new home will have three times the space of the present quarters.

### Charges Dismissed

Deadly weapons charges against Sam Howell, filed by police here after his wife complained, was dismissed in superior court according to information received here.

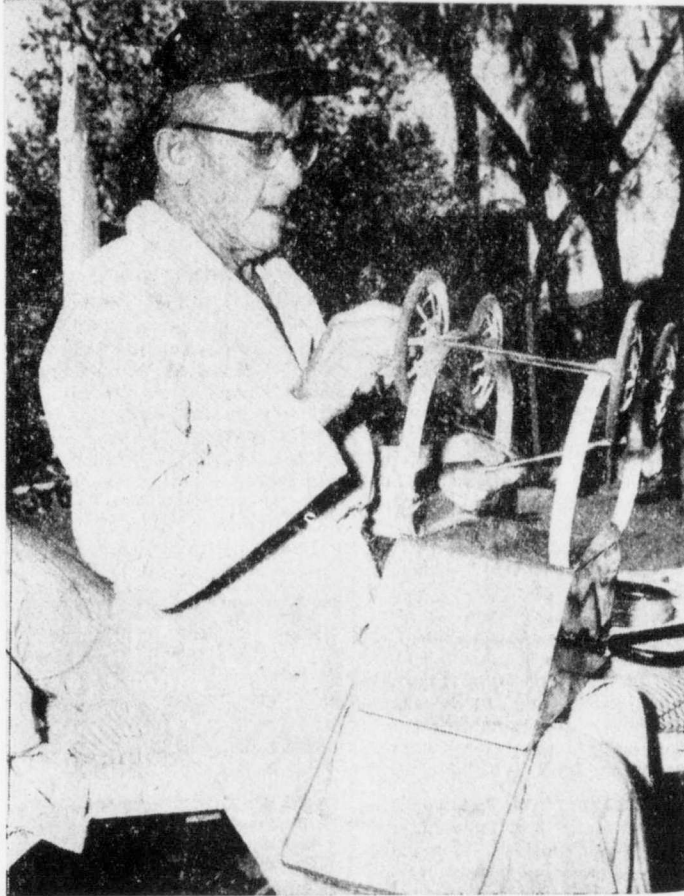

### CITY'S PARKING METERS PAID FOR

Palm Springs' parking meters are all paid for. City Treasurer Robert W. Peterson reported this week that of the original \$35,533.15 cost of the meters, \$34,468.81 had been paid to the Duncan Meter company and \$1,064.34 paid for use taxes, cleaning up the entire bill.

Hereafter, the money auto-ists chunk into the meters will go for traffic improvements.

The fiscal year to date is under the total for the same period last year because many meters were out of operation at the start of the year and during the paving of Indian avenue.

Total for the first 11 months of the current fiscal year which ends June 30, the total was \$16,997.70. For the corresponding period last year the total was \$18,133.15.

(Desert Sun Photo)  
**SANTA CLAUS**—Christmas is still more than six months away but Bob Bryerly, 68, above, is already at work. His main ambition is to make underprivileged youngsters happy and he does this by repairing toys for their Christmas. He says he averages 200 toys a year and has been at it five years.

### IT'S ALWAYS CHRISTMAS TIME FOR BOB BRYERLY WHO LIKES NEEDY KIDS

According to the calendar Christmas is still more than six months away but according to Bob Bryerly, 68, who lives at 156 South Indian avenue in the Trailer Village, Christmas is just around the corner. He feels that way every day of the year.

Unable to get about due to an illness, he spends his time repairing toys for the Welfare and Friendly Aid Society's Christmas baskets for needy youngsters who otherwise might have to get along

with no knowledge of Santa Claus.

He also repairs toys for the Toy Library conducted by the Junior Welfare organization.

His only request is for more toys to be mended. He likes to keep busy on them, he said. He has been at this charitable task for five years and said he averages more than 200 toys repaired each year.

He fixes anything from doll buggies to bicycles.

Asked how he took up the work, he said:

"Oh, I like kids."

### Sutter Asks for Sanity Hearing in Murder Case

Henry B. Sutter, 46, accused of the murder of Samuel Davis, wealthy Desert Hot Springs property owner, will face trial by jury June 19 to determine whether he is sane.

Sutter appeared before Judge John G. Gabbert and pleaded guilty to the charge, then withdrew his plea and asked that he be tried on an insanity plea. Judge Gabbert granted the plea and appointed two Patton doctors to examine Sutter.

It was revealed that Sutter attempted to commit suicide in the county jail the first night after his arrest.

Sutter is accused of killing Davis at a lonely spot a few miles north of Palm Springs and then taking the body to Newport Beach. The crime occurred on May 27.

### Valuable Local Indian Land to be Sold July 8

The Bureau of Indian Affairs at Sacramento announced this week that bids will be opened July 8 for 85 tracts of Indian land in the state worth \$898,451, the most valuable ever offered for public sale in the state.

Two of the tracts are in Palm Springs and are valued at \$155,000, the bureau said.

One, at the base of San Jacinto mountains in Section 10, belonging to Richard Michael Milanovich covers 40 acres and is valued at \$100,000. The other local tract, valued at \$55,000, covers 20 acres and was allotted to Richard Amado Miguel. It is in the same vicinity.

The other tracts are all in the northern section of the state.

### Police Check on Reports of Youthful Vandalism

Police are on the lookout for juveniles believed guilty of vandalism in several reports filed over the weekend.

Ruby of the Dunes reported Saturday that youngsters had broken a window in the cafe which is closed for the Summer. Police, investigating, found that two Mexican boys, throwing a knife at a palm tree were responsible. The knife, thrown by one boy, glanced off the tree and cracked the window. Police action is being taken.

In another case a woman reported that while she and a friend were walking in the residential district both were drenched by water-filled paper bags. Juveniles, lurking behind bushes, made their escape.

Winfield Line reported that youngsters had climbed a back fence at his place in Indian Trail and had done malicious damage to a tool shed and its contents.

E. F. Pearson, San Lorenzo, told police that a window in his home had been broken, apparently by boys with a BB gun.

### Opponents Prepare Appeal from Court's Decision on Admission of All Ballots

Day of Arguments Ends in Verdict for Defendant in District Five Suit; Bergman to Carry Case to Higher Court, he Says

Legal technicalities blocking the introduction of evidence, brought the election contest seeking to unseat Florian Boyd as city councilman, to an abrupt end before Superior Court Judge Russell S. Waite Monday.

While more than 40 witnesses, barred from the courtroom, waited restlessly in the corridor of the courthouse

awaiting call from the bailiff and one witness sat muted on the witness stand by order of the court for more than five hours, spectators heard the jurist sustain one objection after another aimed at the testimony of witnesses summoned by Albert G. Bergman, attorney for the contestants.

**THE LEGAL** arguments between Bergman and John Knauf, attorney for the councilman,

peppered with personal rejoinders by each, raged about a list of asserted illegal voters presented by Bergman.

The list included all who voted in District Five at the councilmanic election April 8 in which Boyd was elected by 12 votes over write-in candidate, Ralph Shelley.

**KNAUF CONTENTED** that 178 voters could not possibly have cast an illegal ballot, that the law requires contestants to furnish the number of illegal votes cast and by whom three days before the trial date, and that this was not done.

Bergman, on the other hand, argued that he was not limited to a certain number of illegal votes and offered to prove to the court that all of the votes cast were illegal.

**THIS OFFER** of proof, read into the court record was refused by Judge Waite. Previously in considering Bergman's argument the jurist, addressing Knauf, expressed perplexity governing the number of illegal votes that can be submitted.

See CONTEST, Page 2

### The PUBLISHER'S Corner by OLIVER B. JAYNES

**IT'S TOO BAD** that legal technicalities prevented the hearing of witnesses on both sides in the District Five election suit at Riverside Monday. A great many people here would like to have known what witnesses were going to say under oath on both sides in order to clear up the controversy. As it turned out no witnesses were heard—except the brief examination of one—and the case could not be decided on the basis of evidence to be presented. In the legal battle over the admissibility of evidence which the side contesting the election planned to present, the judge ruled that such evidence was not in support of allegations contained in the original complaint—and would not allow the complaint to be amended.

About all that has been accomplished by the election contest is the realization in most people's minds that the election in District Five was very irregular. Just how much the result was changed is a question. But it should be clear to almost everyone that reforms in the conduct of elections in Palm Springs should be instituted, that election boards should comply with election laws and that the voters must observe the residence requirements in the election laws.

There is another lesson to be learned from this controversy. It is for those who failed to vote. If America is to remain strong and free, our people must appreciate their right to vote and maintain that right by exercising it. In Belgium 90 percent of the qualified voters go to the polls, in England 82 percent, in France 75 percent, and in Japan 70 percent. In the American presidential election of 1948, 51 percent voted. Therein lies one of our greatest dangers; apathy on the part of the people.

It is just as important to vote in local elections as in national elections. It is as important that we have good local government as good county and state and national government. Public officials should be chosen by a majority of ALL who have the right of franchise—not just those who are interested enough to go out and vote.

If you are one of those who has not registered, do it today. If you have moved recently or did not vote at the last general election, you must re-register. And every registered voter should make up his, or her mind right now to vote at ALL elections.

If 90 percent of those qualified to vote in this nation would vote at all of the elections, a great many of our most vital problems would be solved.

## Open Auto Door Causes Injuries to L. A. Woman

An open automobile door on the left side of a car parked near Arenas on Palm Canyon drive caused painful injuries to Mrs. Dan Glazier of Los Angeles Saturday.

Her husband, driving down the right lane of the four lane highway, was forced to jam on his brakes and make a quick stop when the left door of a parked car was suddenly opened.

Forman Golden, driving a pick-up truck, behind the Glazier car, was unable to stop as quickly.

The sudden stop and impact of the bump threw Mrs. Glazier against the windshield inflicting a deep gash in her forehead.

## Section 14 Plan Decision in Fall

Recommendations of the city planning commission on re-zoning of Section 14, the reservation, will be acted upon by city council in Fall when regular evening meetings are resumed, it was announced at last week's city council meeting.

Planners had held two hearings on the rezoning plans and will compile their findings during the summer months for submission to council.

## CONTEST

"I wonder where the line can be drawn because this entire matter, it seems to me, rests on whether this list of names can be legally submitted," declared Judge Waite.

DURING the afternoon session Judge Waite had arrived at a decision, one which doomed the election contest.

He ruled that the list of names of persons who cast an illegal ballot did not comply with the law.

Asked, then, if he would permit the questioning of witnesses already in court, Judge Waite ruled in opposition.

Bergman then made an offer of proof to the court to be read into the record to be used in an appeal against the court's ruling.

THROUGHOUT the lengthy argument between the attorneys, Mrs. Alice Yamamoto, under direct examination for only five minutes during the morning session sat on the witness stand, stopped by the court from answering the question put by Bergman: Had she cast a vote in District Five for Boyd?

The witness had already testified that for more than a year she and her husband, Jimmy, had resided at 748 North Calle Rolph, designated on the city's election map as in District Three. She said under questioning that she went to the polling place in District Five on April 8 and signed her name in the roster as residing at 816 North Palm Canyon Drive. She and her husband had not resided there since April, 1951.

DURING BERGMAN'S offer of proof to the court, he recited the names of a long list of persons who, he said, had cast an illegal vote for Boyd. He started off his recitation of proof with the name of Mrs. Yamamoto seated on the witness stand.

"I will prove, your honor, that Mrs. Yamamoto and her husband while knowingly residing in District Three, proceeded on April 8 to the election polling place in District Five and there obtained a ballot from the Inspector of that polling place, Cecile Stuart, and that both she and her husband signed the election roster as residents at 816 North Palm Canyon drive, where Mr. and Mrs. Yamamoto had not lived for more than a year."

UNDER DIRECT examination Mrs. Yamamoto had testified that Mrs. Stuart had visited her home on North Calle Rolph indicating to the court that the election inspector was well aware where the Yamamoto's lived.

Bergman continued on down the list of 17 other persons whom he claimed, had cast illegal votes for Boyd.

But Bergman's effort was in vain. The jurist refused to permit him an opportunity to question these witnesses under oath. The attorney still persisted, however.

"And, your honor, I will further prove," declared Bergman, "these people were urged to cast a vote in District Five for Boyd and in some instances were placed under pressure to do so."

WHEN BERGMAN completed his offer of proof, legally required in an appeal from Judge Waite's ruling barring offered evidence in "a matter of grave public interest," the judge continued to rule in favor of Knauf's objections.

As the long session was closing the jurist asked Bergman which witnesses he desired the court to order to return the following day.

ATTORNEY BERGMAN, in a dramatic move, informed the judge he could see no reason to recall any witnesses for another day in court in view of the court's ruling.

"I can see no useful purpose in attempting to bring any further evidence into this court until the district court of appeals,

From Page One—MORE ABOUT

## HOTELS

controversial points before next season. We need better understanding for our own good and the good of the community."

COFFMAN'S TALK was a report on the five-day resort clinic held at Chateau Frontenac in Quebec under auspices of the American Hotel Association. The Palm Springs hotel man is chairman of the AHA's Resort Hotel Committee.

Coffman told the desert hotel men that the meeting was attended by some 50 operators of leading resorts in the United States, Canada, Mexico and the Caribbean. He pointed out that every type of resort, from those with 30 rooms to those with 1500, was represented.

Prospects for the next two years are good, Coffman said, but American hotel men face increased competition from foreign travel agencies and foreign resorts.

COFFMAN TOLD the hotel operators:

"Much of this is paid for with ECA money, directly or indirectly. You should complain whenever you can to your Senator and Congressman about this foreign competition which is subsidized by the American taxpayers' dollar."

Immaculate cleanliness remains the "formula for happy customers," Coffman declared. He said, "It doesn't matter how fine your furnishings are, they won't satisfy your guest and bring him back next year if they are not also always immaculate."

Coffman advocated treating employees as guests to build up a steady, reliable hotel staff. He said surveys by the American Hotel association have shown that good living conditions are more important to hotel workers than top wages.

HE SAID, "You can't blame the employee for choosing the best, most comfortable place to work. The employer-employee relations must be on the same basis as the management-guest relationship if you expect your help to return next season just as your guests do."

Coffman declared his belief that resort hotels should provide comfortable living quarters for their seasonal help. He praised the work of the Palm Springs Employers association in obtaining summer jobs for regular hotel workers who staff Palm Springs resorts during the season.

passes upon your ruling today and I therefore suggest that we terminate this trial until this has been done by an appeal from your decision."

THIS STARTLING move by Bergman caused the court to contemplate its next ruling for a few minutes during which time there was a dead silence.

"Do you rest your case?" finally inquired the jurist.

"No, your honor. I do not," replied Bergman. "I do not rest my case in the generally-accepted meaning of the word 'rest' in a court of law but I am handing the ball to you to do as you see fit from this point on."

Knauf then jumped to his feet and asked for a non-suit to be recorded and a few minutes later withdrew that request.

"I WOULD SUGGEST that you enter a judgement for the defendant so that we may proceed to appeal from it," interposed Bergman. The judge did so.

In addition to the more than forty witnesses, other Villagers were in court as interested spectators. They included Harold Hicks, Councilmen Earle Strebe, Frank Miller, Milt Hicks, Ben Cox, D. Arakelian, Albert Carlson and others.

## Revise Zoning in Cathedral City Motel District

Revision of zoning laws applying to Date Palm Drive in Cathedral City was voted by supervisors Monday. The area will become a multiple dwelling area, it is now a commercial zone.

The change was made at the request of property owners and affects the street from Highway 111 to a point about 600 feet north. There are now motels on the thoroughfare and the owners feared that an encroachment of business houses might harm their business.

County planners recommended the change and County Counsel W. O. Mackey was instructed Monday to draw up the necessary ordinance.

## Matches

### Children Blamed for starting Fire

Firemen Friday subdued a brush fire on the reservation on El Segundo with little damage and Fire Marshall Warren Heath issued a warning to parents:

"Don't let the youngsters have easy access to matches."

Witnesses told firemen that just before the fire was discovered they had seen several youngsters run from the scene. They are believed to have started the blaze.

By LYN CONNELLY

THE NATION'S music moguls reportedly are sitting on the hottest campaign song since radios rocked with "Happy Days Are Here Again" as FDR was nominated 20 years ago. . . . Like that song, this one is an old favorite and a bonanza for Eisenhower backers—"I Love the Sunshine of Your Smile" . . . Done in march tempo, the tune is expected to hit juke boxes, radio and TV sets with the same "Happy Days" impact shortly before the GOP convention July 7. . . . Which just goes to show how every angle is exploited during a political campaign.

The Sportsmen Quartet, Jack Benny's "Hm-mm Boys," will be living out of trunks all summer as a result of personal appearances from San Diego to Seattle and from New Orleans to New York. . . . Ginny Simms has packaged her own TV show and already has attracted the interest of one network.

The TV films produced by the Protestant Broadcasting and Film Commission, in which puppets enact Bible stories, are being used widely in Sunday schools, too. . . . They've been hailed by churchmen for bringing many youngsters to classes.

PLATTER CHATTER COLUMBIA: — Frankie Laine's latest and one of his hottest discs is "That's How It Goes" with "Show in Lover's Lane" backing it. . . . Champ Butler continues his swing up the ladder with another good waxing, "Two" and "Meet Me on the Corner" . . . The ever popular, beautiful "Oh, How I Miss You Tonight," is done in a haunting and appealing fashion by Sammy Kaye's orchestra. . . . "You" backs it. . . . The Mariners get into the revival act by coming up with a real old favorite, the beautiful "Jeannine I Dream of Lilac Time" with "One Love" on the flip side.

CAPITOL: — Hank Thompson comes up with a real tear-jerker in "Don't Make Me Cry Again" backed by "Waiting in the Lobby of Your Heart," a song that shows promise. . . . Les Paul and wife Mary Ford continue their successful careers with two more revivals (where are they all coming from???) — "I'm Confessin'" and "Carioca."

"What's the Most Expensive Thing I Can Buy for Two Dollars Down?"

## Mayor Farrell to Make TV Debut Next Monday Night

Monday night at 9 p.m. Villagers who are able to enjoy television reception in their homes will gather around that instrument to see another Villager launched on his first TV program.

Mayor Charles Farrell, owner of the Racquet Club and famous for his starring role in the silent picture "Seventh Heaven," will co-star with Gaille Storm in a series of television programs to be broadcast over Channel 2 each Monday night for a period of 16 weeks.

The Farrell-Storm TV vehicle is the summer replacement for the popular program in which Desi Arnaz and his wife Lucille Ball are featured.

In the program broadcast Monday night for the first time Farrell will be starred as a handsome widower in love with a beautiful lady, objected to by his beautiful daughter played by Miss Storm, Miss Storm too, is in love and her suitor is not approved by the father (Farrell).

The TV program is kinescoped with all of the series to be filmed at the Hal Roach Studio.

## Highway Patrol Launches Campaign to Reduce Speed

Just what is a safe speed?

That question got a working over last week as the California Highway Patrol launched a month-long effort to make drivers speed conscious.

Based on the National Safety Council's "Operation Safety" theme, the speed control program is also being sponsored on a statewide basis by the California Association of Insurance Agents.

AN EXACT DEFINITION of safe speed is difficult, said Patrol officials, because what's safe for one driver may be highly dangerous for another driver on the same road a short time later.

Factors which should govern speed are weather, road and traffic conditions, the car's mechanical condition and the driver's physical and mental alertness.

Even a speed of 25 miles an hour can be unsafe if one or more of those factors is unfavorable.

IT'S A MATTER of judgment," said the patrol. "A driver hitting 55 on an unfamiliar, crowded road during a rainstorm would be traveling at an unsafe speed even though he was obeying the posted speed limit."

The patrol gave as a useable definition of safe speed "that speed at which a driver honestly feels he would have complete control over his car in case of an emergency."

"In today's fast, bumper-to-bumper traffic where chances of death rise sharply as the speedometer needle climbs, honesty about your speed is the best policy — if you want to stay alive."

means he goes through life as ME McGann. Anyway Michael Emmett is a name which should have the full approval of John Connors. Which reminds me that that once asked Mr. Connors: "if you weren't an Irishman, what would you be?" and the answer was "I'd be ashamed of myself."

ANOTHER SLIP of paper (it had the appearance of a bar check) had to do with VNDLS MTRS which, upon translation, meant that with 270 parking meters going out of commission Sunday, what fun there will be for those senseless vandals who go about ripping off the paper caps which cover them. Another had to do with Bill Fadden. Seems that Fadden acquired a new set of white wall tires and was much worried because the red and yellow paint from the curbs was smearing them up. The comment on that was that if Bill would stay away from fire plugs and unloading zones, his tires would be as white as his traffic record.

GIVE A GOOD PLUG to Father's Day, was another admonition. Doing a bit of research work I find that Father's Day started 27 years ago. It was on the third Sunday in June, 1925, that the old man was first honored with a day set aside for him. Although, judging from phat, a lot of fathers have 365 days a year—366 this year it being leap year. A Mrs. John Bruce Dodd, of Spokane, Wash., got to thinking about her dad who must have been a pretty good Joe and started a movement to have Fathers honored the third Sunday of each June. There already had been several years of Mother's Days. Store keepers who were happy about Mother's Day fell in with the

the haberdashers and tobaccoists. It meant extra money in the till just before vacation time. So next Sunday will be Father's Day with plenty of neckties, cigars, cartons of cigarettes and the like being presented. Personally I am going to give the old goat the brightest red necktie I can find. He's fond of shrieking colors. I am going to fill the box the necktie comes in with that drawer full of unusable \$2 win tickets he has accumulated over a period of years.

SPEAKING of plugs and Father's Day reminds me that on a recent Wednesday night phat braved the night air to sally uptown. He returned with a Racing Form and the bulldog editions of all of the Los Angeles papers. He spent four hours in intensive study, marking up clean sheets of paper with figures. The next day I drove him to Hollywood park retracing several blocks to go back for the papers he had marked up, then forgotten. At the track he consulted his figures and after due deliberation, bought a ticket in each race. He came back with the eight of them. Chided me for buying a ticket on three horses in the same race. Even after I pointed out that I had cashed all three tickets and he still had his in that race, he tried to convince me I had been foolish.

It's a good thing they put Father's Day on the third Sunday in June instead of on a specific date such as June 21. That's the longest day in the year.

## Publishers Ask Equal Part in County Legal Advertising

Supervisors Monday heard an appeal from Maxwell Wihnyk, Beaumont and Banning publisher, to give each newspaper in the county an equal share of the county's legal advertising and to invite bids on major printing projects.

Wihnyk said he spoke for seven newspapers, and he said their publishers felt that some newspapers are unfairly getting a lion's share of the legal advertising and are getting big printing jobs (books, registers, brochures, etc.) without having to compete against other bidders.

**TOM HUDSON**, Elsinore editor, attended the meeting and supported Wihnyk.

The supervisors themselves have often debated the question of where legal advertisements should be placed.

Some have said that when an advertisement is of an ordinance that is important to the entire county it should be published in a county seat newspaper because they are the only ones covering the entire county.

**OTHERS HAVE SAID**, like Wihnyk, that they should follow

a system that would give each newspaper as much advertising as any other. Wihnyk said he doubted that a legal advertisement in Riverside would do a better job than a legal advertisement in any other community newspaper.

The supervisors said that County Purchasing Agent William Carlson handles most of the big printing jobs. They indicated they would check his policies to learn whether they could be improved.

## Lost Collie

Roddy, Heading Here, Sought

Police were looking this week for a Collie answering to the name of Roddy. There's a \$100 reward posted for his recovery.

Roddy's owner, John Shelburn, Los Angeles, told police the dog got out of his car at Desert Hot Springs and when last seen was heading in the direction of Palm Springs. He'll give \$100 to retrieve Roddy.

## Mail Bag

(Major Robert Hargis, formerly manager of the Southern California Gas company office here, now with the armed forces, has been in Korea three months and writes an interesting letter to friends here)

from the front. It follows)

Editor, The Sun: Today is my three months anniversary in Korea. I arrived in Targu on 23 Feb. on a cold snowy day. I thought then that this was no place for a desert rat. It has warmed up considerably since February but I will still take Palm Springs any time.

I was assigned as a squadron

commander of a Vehicle & Supply Squadron in the 18th Fighter Bomber Wing. We work seven days a week and work is no understatement. One thing that we look forward to is a 5 day rest leave every six weeks to Japan. We can make reservations at one of several rest resort hotels and in about four hours by C-54 we are in a land of milk and honey. Last month I went to

the Freglia Hotel in the mountains about two hours from Tokyo.

The poverty and suffering of the Korean people is something that is ever before me. I have thought many times of the cast-off clothing that we all have that these people could use. I know that Jane and the boys could gather a lot from our closets and those around the neigh-

borhood. If the idea has any merit with the club (Rotary club) I would arrange with our chaplains to see that distribution was made to the needy and to orphanages.

ROBERT HARGIS

## Mhoon Team Trims Jaycee in Wild Game

10 Runs in Extra  
Inning Feature  
City Loop Game

### CITY LEAGUE

	W. L. Pct.
Junior C. of C.	2 1 .667
Mhoon and Mhoon	2 1 .667
Desert Hot Springs	1 1 .500
Youth Center	0 2 .000

Junior Chamber of Commerce and Mhoon and Mhoon played the wildest game in City League Softball in many a season when the Jaycee boomed in five runs in the second inning to tie up Mhoon and Mhoon at 11 runs each and then the Cathedral City outfit scored 10 runs in the extra inning while blanking their foe to win 21 to 11.

Smith and McCrystal hit home runs to enliven the evening.

Mhoon and Mhoon started out strong with four in the first, took two in the third when the Jaycee broke into the run column with four, Jaycee tied it at 6-6 in the fourth but Mhoon and Mhoon added three in the fifth and two in the sixth to go into the last inning leading 11 to 6. In the last of the seventh, Jaycee turned five hits into five runs to tie it up at 11 each.

Then came the eighth with the big outburst by Mhoon and Mhoon, ten runs. Jaycee got two men on but none around to lose 21-11. The Cathedral City gang blasted out 22 hits, Jaycee 18 for a total of 40 in the game.

The Mhoon team made four errors, Jaycee nine.

The line score: R H E  
Mhoon and Mhoon 402 032 0 (10)—21 22 4  
Jaycee 004 201 3 0—11 18 9  
King and Colglazier; Shaw and T. McKinney

## Rainiers Doing Better in PCL

Seattle's Rainiers are doing a little better lately.

Touted to repeat as champions of the Pacific Coast league, the club which trains here each Spring, has been in the second division up to last weekend. Then, by virtue of a ten-game run, seven at the expense of San Francisco, they hit the first division, still nine and a half games away from the top.

They are playing at Portland this week.

## Dog Bite

Waste Disposal  
Collector Snagged

Waste disposal collections were a little late Monday.

The disposal department truck had to make a side trip to Desert Hospital where Leo Rodriguez, one of the crew, was treated for dog bite wounds.

He was bitten while gathering up trash at a local residence.

Owner of the dog was warned to keep him tied up or otherwise confined.

## SPORTS CORNER

### All in the Game

DALE MITCHELL is the surprise sparkplug of the flag-hungry Cleveland Indians. In the first month of the 1952 season, N.L. teams hit only 156 homers compared to 221 for the same period last year. A.L. hitters rapped only 129 compared to 144 for the first 1951 month. Lou Boudreau changed his lineup recently to star some of his veterans, but says he hasn't given up on the Red Sox' "kids". There will be no regular broadcast or telecast of the Ray Robinson-Joe Maxim bout on June 23. Some theaters with special equipment will present a telecast of the fight. Virgil Trucks had a two-day beard when he pitched his no-hitter in May. Ted Williams has made 2,973 putouts, 109 assists and only 89 errors during his baseball career. Joe Di Maggio made 4,523 putouts, 152 assists and 105 errors. The television industry says it's too early to tell whether T.V. hurts football, despite claims by the NCAA. NCAA's plan to black out T.V. areas may hurt football.

## Ten Youths Busy Building Racers for U. S. Derby

Ten Village youths were busy this week getting their entries in the All-American Soap Box Derby ready for final inspection on July 12 following deadline for entries May 30.

After inspection July 12 to see that they conform to all of the rules of the Derby, the model racers will be sent to San Bernardino where the regional trials will be held July 19.

D. C. Stachler of Stack's Chevrolet, who with the Desert Sun is sponsoring the local entries, said that the entry list is now composed of:

Jimmy Jackson, Jr.  
Roland M. Hayes  
Roland Messingill  
Richard Mountz  
John Chumley  
Denson Pickell  
Lynn Dolton  
David McKinney  
Gerry Dunlap  
LeRoy Hybarger

## Motorbike Races to Aid Charity

Second half of the twin motorcycle race cards at Box Springs track, Riverside, for the benefit of the county's Crippled Children's Society will be held Sunday.

It is sponsored by Mike Forney

## San Jacinto Wins Over Merchants by Score of 5-2

San Jacinto, last year's county league champions, put the Palm Springs Merchants down in this year's county league standings with a 5 to 2 victory before one of the largest crowds of the Summer season at Polo Grounds Tuesday night.

Seven errors by the Merchants aided the visitors in their win. Priest of San Jacinto held Palm Springs to two scratch hits for the first six innings and the visitors went into the seventh leading 3 to 1. Then the Merchants got one but San Jacinto came back in the eighth for two.

Bob Seiple hit a home run with none on in the ninth for the second local run.

The line score: R H E  
San Jacinto 100 209 020—5 9 2  
Merchants 000 000 102—2 6 7  
Priest and Bottom: Devers, Tichenor and Heiser.

## Vice Versa

Who Hit Who  
is Cleared Up

In last week's issue of The Desert Sun an article appeared which had the parties in the reverse order. It concerned an accident involving Lomax Study, 38 Los Angeles, and Robert Del Gagnon, whose cars collided at Indian avenue and Alejo road. In it, it was stated that Gagnon's

## Police, Boys Club Leading Little League to Date

### LITTLE LEAGUE

	W. L. Pct.
Junior Police	2 1 .667
Boys Club	2 1 .667
Strebe Theaters	1 2 .333
Cravy-Hathaway	1 2 .333

Little Leaguers completed the first round in their pennant race Tuesday night with Junior Police and Boys Club tied for first place with two wins and a loss each.

Strebe Theaters and Cravy-Hathaway nines are tied with one win and two losses each.

Monday night Junior Police defeated Strebe Theaters 11 to 5 and on Tuesday night the Boys Club won from Cravy-Hathaway 4 to 3 in a tight game. Johnny Andreas of the Boys club fanned 15 opponents to set a Little League record to date.

Tonight the teams play the second double-header of the season at the Polo Grounds. Strebe Theater and Cravy-Hathaway play at 7 p.m. and the two league leaders, Junior Police and Boys Club will break the tie for the top spot starting at 8:30.

car ran into the rear of Study's. It was the other way around. Gagnon had stopped for the boulevard stop sign when the other car ran into the rear end of his car.

Study was slightly injured in the crash.

From where I sit... by Joe Marsh

### "Good Neighbor Policy"

Remember one time when I told about the old loose-stone wall that separated Easy Roberts' property from Handy Peterson's?

That was when they decided they really didn't need the wall between them in the first place—so they simply stopped repairing it.

Now I hear where a fellow, who bought the old Johnson place, wants to buy all those stones. It seems he figures a stone wall is just what's needed on his property.

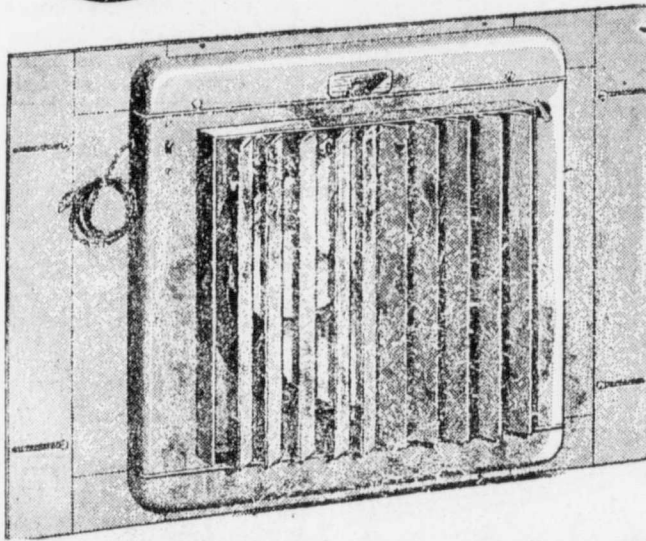

From where I sit, if that fellow wants to build himself a stone wall,

that's his business. But if it's not really serving any useful purpose he may sooner or later discover—just like Handy and Easy did—that he'd be just as well off without one. Even some old-fashioned walls of prejudice are disappearing—like those that would deny a person's right to a friendly glass of beer now and then. Most Americans are learning that "walls" can get in the way of the persons inside as well as the persons outside.

## CVSL Directors Elect Slaughter Their Attorney

At a meeting of directors of Coachella Valley Savings and Loan association at the company offices here Monday, the board unanimously elected Warren Slaughter, local attorney, to fill the vacancy as company attorney recently created by the resignation of Lucien W. Shaw.

Slaughter has been a resident of Palm Springs for several years and was recently Palm Springs assistant city attorney.

Further business transacted by the board was declaration of a 3% dividend on all of the capital stock of the corporation outstanding as of May 31, payment to the stockholders to be made prior to July 1, 1952. This is the third dividend to be paid according to Bill Smith, president of the company. A total of 4% was paid last year.

The board also authorized the regular payment of semi-annual interest to all investment certificate holders and pass book savings accounts on July 1, 1952, the ratio of interest to be paid will be on a basis of 3% per annum.

## Council to Meet in Afternoons

Don't try to do business with the city hall on Saturdays—until September.

The summer schedule is now in effect at city offices—they will be closed all day Saturdays from now on until Fall.

City council, too, will go on summer schedule after July 1. The meetings will be held at 3:30 p.m. instead of 8 p.m. as during the winter.

Council will meet June 18 and June 30 in the evening—after that, until October, in the afternoons.

## Recreation

### Attendance Up at Two Centers

Attendance at the recreation centers at Frances Stevens and Cahulla schools is increasing. Dr. A. G. Hoff, superintendent of Palm Springs Unified School district sponsoring the plan, said Tuesday.

The children are given opportunity for constructive activities in arts and crafts and are also provided with a variety of plays and games.

The playgrounds are supervised between the hours of 9 a.m. and noon five days a week.

### Coachella Boy State Marbles Champion

Joe Patino, 11, of Coachella, is going to represent California and the desert area at the National Marbles tournament at Durham, N. C., this summer. The sharp-shooting lad won the state marbles title last week in the finals held at Long Beach.

### Michael E. McGann is New Arrival

Michael Emmett McGann, nine pounds, six ounces, arrived at Desert Hospital on election day, June 3, causing extreme joy in the household of the Charles McGanns. Father is local Southern Pacific railroad representative and mother was on the staff of the Bank of America. All three are doing well.

# DALE CARNEGIE

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

Learn To Master Your Mind

EVERYWHERE HE LOOKED at one time R. Alan Pierce, Bronx, N.Y., saw listed in bold black print the symptoms of cancer. It was in every type of printed form, in the newspapers, magazines, on the movie screens. It wasn't very long before he began to feel some of these symptoms. As the days went by the nagging fears became frightful worries; every printed word on the malignant disease seemed to be aimed right at him. He was the one person out of every 10 that had cancer!

All of his daytime hours and his nights became consumed with that one horrible thought. He couldn't work, he couldn't sleep, and he couldn't think of anything else but the symptoms he was feeling that so obviously indicated cancer. He experienced the truth of the saying "there is no disease as real as an imaginary disease."

It reached a point where even his wife noticed his behavior, and it must have been pretty bad for her to notice it, because he tried desperately to keep it from her. He explained his feeling and his wife, he says, being highly intelligent, suggested the obvious course: to go to a reliable doctor and get a complete examination. Well, with just a few words that doctor ripped away all the fears and worries and nagging doubts that were making his life so miserable. All the doctor said after the examination was, "there is nothing wrong with you." Presto! He was suddenly one completely rejuvenated human being.

Here is the thought he wants to leave with you: The mind is a wonderful thing as your servant and it can perform miracles; but if you let it, it can make your life a veritable hell on earth. MASTER YOUR MIND OR IT WILL MASTER YOU.

Carnegie

## From Page One—MORE ABOUT ACCIDENT

rescue. The climb was so steep he abandoned his medical kit and carried a handful of the necessary first aid supplies to the injured woman.

Members of the riding club with which she was on the trip improvised a stretcher from blankets, ropes and branches, and carried her a mile down the trail where an ambulance stretcher was waiting.

Dr. William H. Aiken, the family physician, was called to the scene and met the party as it was coming out of the canyon. He accompanied the patient to Desert Hospital.

Few horsemen attempt the hazardous Rattlesnake canyon trail. The canyon, about 60 miles from the Village, is aptly named. The party had killed a number of rattlesnakes before coming upon the one which frightened Mrs. Driskell's horse.

## County Board Talks Salary Increases

Salary increases were recommended for 14 maintenance men at the county general hospital after a series of conferences between the county salary committee and representatives of the American Federation of Labor.

## Two Flew After Trying Hotel Doors

Warren Hockenbary of the local police force answered a call early Tuesday from George McGee of La Fonda hotel. McGee reported two men were trying the doors of the hotel.

When the officer arrived at the scene the pair had fled.

## Sales Tax Take Shows Big Gain

Total sales tax receipts for the fiscal year to date are already almost \$5,000 ahead of the total for the entire previous fiscal year. Robert W. Peterson, city treasurer, said this week.

First 11 months of 1951-52 showed a total of \$130,657.65 compared with the full 12-year total of the 1950-51 year of \$126,169.58.

## School Trustees to Meet Tonight

Regular meeting of the board of trustees of Palm Springs Unified School district will be held this evening at 7:30 o'clock. Dr. A. G. Hoff, superintendent, said Tuesday.

The meeting will be held at Frances S. Stevens school.

It's full up with live news. Subscribe to The Desert Sun.

Why did I store my furniture with Bekins?

"Every storage department is so clean and tidy at Bekins... every item of furniture carefully wrapped and properly identified... and Bekins storage rates are much lower than we had expected. I heartily recommend Bekins' responsible storage to anyone needing the service."

## Council Studies Service Station Zoning Changes

Whether to allow service stations to expand north and south on Palm Canyon drive and at Sunrise way and Ramon road or to allow them to expand in their present non-conforming sites will be decided by city council meeting as a committee of the whole, it was decided Wednesday night.

City planners recommended that service stations be permitted on Palm Canyon drive north of Chino Vista and between Tahquitz bridge and Mesquite avenue, also at Ramon road and Sunrise way. They opposed stations on Indian avenue and enlargement or expansion of existing stations downtown.

Several protests against the recommendations were heard and council was asked to allow present non-conforming stations to expand and beautify their present sites.

## \$25,000 Awarded Result Accident

Damages totalling \$25,000 were awarded Mrs. Ruth Sougey, Palm Springs, as result of an automobile accident February 22, 1951, on Highway 111, near Palm Springs.

Mrs. Sougey's automobile was hit by one driven by Edson Dronberger of Oakland when he pulled out from the curb. She had asked \$100,000 and the jury in Judge Russell Waite's superior court, after five hours deliberation, awarded her \$25,000.

## New Highway Link

Bids will be opened July 10 in Los Angeles on the third link of Highway 395, the interior route to San Diego much used by Villagers heading south. The unit, 4.7 miles long will cost \$850,000 and run from Romoland to the existing 395 north of Peris.

## Favor Banning Man for County Post

Homer Varner, fourth district supervisor, said Monday that he plans to nominate Robert Berlin, former Banning mayor, to the county planning commission.

The appointment will be made by Irwin Hayden, supervisor chairman who is temporarily absent. It is the custom to make the appointment on recommendation of the supervisor whose district is represented.

## Prepare Plans for La Quinta Lateral

U.S. Reclamation Bureau officials this week revealed plans for a modified lateral system to serve Colorado River water to a portion of the La Quinta area. The system will be completed by 1954.

As the area to be served lies above Coachella, water must be pumped to a reservoir before going into the lateral.

## Farley Palmer Taken by Death

Farley Palmer, a resident of Palm Springs for more than ten years, succumbed at his home here at the age of 56 last week. A native of Hudson, South Dakota, he attended schools there and graduated from Shattuck Military academy, Farina.

## Waste Disposal Contract Award Due This Week

Action was expected before the end of the week on award of contract for handling waste disposal in Palm Springs.

Two bidders are still in the field. Clark Brothers of Ontario and John Sherman of San Bernardino.

A. H. Boston of the city waste disposal department said that the contract would probably be signed before tonight.

The city is going to get out of the waste collection business, giving out the work on private contract.

WITHOUT IRREVERENCE, here is one instance in which Sunday school leaves you feeling antiquated and cast-out. It's when age makes you ineligible for the "young adults' class."

Remember the wonder with which you tripped off to primary class to be welcomed with cajolery and cookies and taught, "Suffer little children to come unto me"? Sunday was an adventure in play, lollipops and caresses from pretty teacher who smelled like Mama. Sunday school was as exciting as permission to play at Daddy's desk, as comforting as Mama's lap. There, you never were told to go play by yourself because Mama and Daddy were busy.

YOU RECEIVED first tiny intimations that this Utopian playground would collapse when word came of your promotion from the snug little picture zoo to a higher class.

But soon you grew used to the new class and kept advancing until you could step from one class to a higher without nostalgia for the old. The attraction of Sunday school had to compete with more mundane pursuits, yet Sunday school imbued these pursuits with the Holy Spirit. You left the young people's class and entered the "young adults' class" with no misgiving.

Then one Sunday, approaching 36 years and bemoaning some gray hairs and an expanding waistline, you notice for the first time a sign that has been there all the time: "Young Adults' Class—Ages 25-35."

HEAVEN SPINS! The end of your young adult era implies the beginning of the old adult era. There is no bridge between them. No class for YOUNG octogenarians. "Sunday school is supposed to consign me to heaven," you muse wryly, "not to doctage."

After the first shock, you'll recover, and your religion won't be shaken, but the good deacons should soften that rocky transition from young adulthood to senility. Especially, just when some of us old sinners need a little mercy!

S NOW WE ARE a full-fledged dictatorship! The President of the United States is responsible to the people alone—whatever that means. The people in this country are represented by congress. According to the attorney general's interpretation, the Constitution limits the power of the congress and of the judiciary—but not of the President. If this is the case, then the President is supreme ruler in these United States and can overrule congress or the courts.

So we now have King Harry the first of the house of Truman. Some of us could have wished for a more superior being for our first king; but there seems to be quite a number who are satisfied, else they would take the trouble to vote. And November may be their last chance ever to do so, for, if the power of the President is superior to the Constitution, the right of the citizen to vote can be abolished by the stroke of a pen. And if you don't believe that stroke of the pen "can happen here," you don't know your Washington.

The citizens of this nation have been warned continuously, ever since the New Deal stepped into office 20 years ago, that there were elements in Washington which would move heaven and earth to destroy our Constitution and take over the government of this country. Is this the first major step? Is President Truman, the type of American who would permit himself knowingly to be used in this sort of game? We don't believe so, and we have no proof that some of those who advise him are playing this game either. But when the attorney general's representative contends in court that the President has emergency powers without constitutional limitation, and that not even the courts have the power to interfere — it is time rocking-chair Americans bestirred themselves—come November—and out from office those who can thus interpret the great document which made the President the servant of the people and not their master.

## Flowers Add to Charm of Play at Padua Hills

Dame Nature is cooperating to provide an extravagant floral display as scenic outdoor atmosphere in connection with the presentation of "La Cocina," comedy of a Tlaxcala kitchen, at the Padua Hills Theatre.

The theatre patio displays more than a score of gorgeous

epiphyllum cacti with blooms resembling huge orchids, large cinerarias in 20 color variations and the white waxlike blossoms of the rare Carpentaria bush as outstanding floral specimens.

In addition there are magnificent displays of pelargoniums, roses, geraniums, lantana, primroses, and the white clusters of blooming pyrocanthus about the walks and adjoining the parking area.

"La Cocina" is being given the most enthusiastic reception of any Mexican Players' comedy in many moons both by matinee

and night audiences, which include many school and organization groups.

The lively comedy concerns a plot by the kitchen staff to humiliate a conceited cook who retaliated with a counter-plot that frightened herself and the other conspirators almost out of their wits.

"La Cocina," with an after-theatre party, will be staged Wednesday through Saturday evenings, and Wednesday and Saturday afternoons, through June 28.

## Building Code to be Aired June 24

Public hearing will be held June 24 in the county courthouse at 10 a.m. on the proposed county building code for unincorporated areas such as Cathedral City, Desert Hot Springs, Rancho Mirage, Palm Desert and areas between.

Action on the ordinance will

be taken soon after, it was decided.

The ordinance was recommended to the board October 15, last year.

Majority of the board apparently favors an "enabling" building code. Such a measure applies only to areas desiring it rather than to the entire county.

# Business Hits Eight Million in 1st Quarter

## Taxable Sales Alone Top Five Million Mark

Palm Springs business houses, outside of service stations, liquor stores and off-sale food stores, did five million dollars worth of business during the first three months of 1952, Robert W. Peterson, city treasurer, reported last week.

Peterson's report was based on city sales tax figures and revealed that sales coming under the tax in January, February and March totalled \$5,299,922.

There were 431 taxable outlets in operation at the time.

**PETERSON SAID** the figures were approximately only half of the total business done here.

"This \$5,299,922 total," he said, "does not include liquor sales not subject to city tax, to out-of-town apparel sales, to service stations or grocery stores. I estimate that they will approximate another \$3,000,000 or more for the quarter."

**EATING** and drinking places did the biggest business with total sales of \$1,458,463. Apparel shops were second with a total business of \$890,874. There were 40 stores in this classification. Eight general merchandizing stores did business valued at \$667,738 to rank third.

The city collects one per cent sales tax on all items except gasoline sales, package liquor sales and off sale food.

## Too Strong

### House Blown from Mover's Truck

David Mays, from the district attorney's office, told police Saturday that the Free Employment Office, being moved out of town, was lying near the road on North Indian. Police contacted Joe Leonard, mover, who said he was taking care of the situation.

While moving a building a strong gust of wind struck it, breaking the chains by which it was tied down and rolling it over out on the desert.

The situation would be in hand soon, Leonard said.

## Missing Women Found in City

Police were alerted Sunday by a request from H. H. Masters, Los Angeles, declaring his wife, Virginia, 38 and his daughter, Mary, 32, were missing on a trip to Palm Springs.

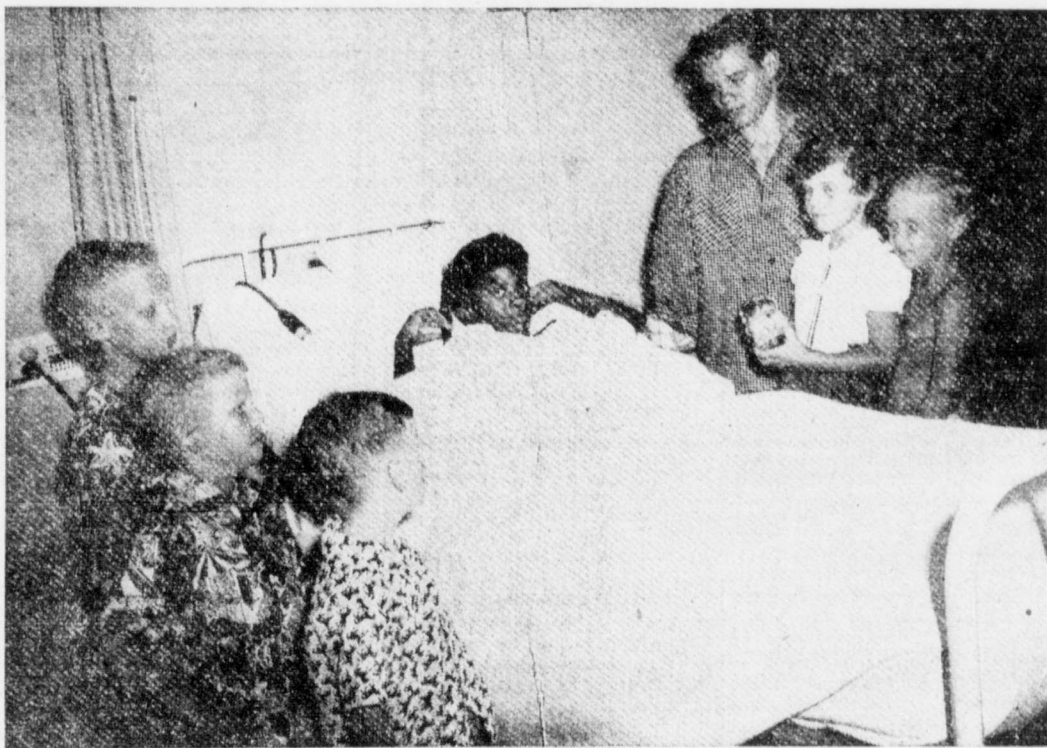

Officer Bob White located the missing automobile at a hotel here and found the woman and her stepdaughter enjoying the weekend here.

## Humane Officer

Acting Mayor Florian Boyd last week appointed Pat Hegarty assistant city clerk to act as humane officer and issue and collect dog licenses.

# The Desert Sun

Page Seven Palm Springs, Calif., Thursday, June 12, 1952 Second Section

(Desert Sun Photo) **EAGER TO AID**—Junior Welfare society workers and junior Junior Welfare society workers—the youngsters—have taken over the case of Charlene Thompson, seriously ill at Desert Hospital. Above: Phillip Staley, Chuck Coffman, George Vakeur, at the left, Charlene, Pete Isenagie, Barbara Coffman and Jeff Isenagie present her with a can full of cash they raised themselves.

## Plan Children's Theater in Fall

Before leaving Palm Springs for the summer Edith Kopelson has been formulating plans for establishing a children's theater in Palm Springs next season.

Plans for children performed by a company of adult professionals, Standard classics as well as new plays will be presented by an outstanding New York cast. The eventual goal is to have a building built especially for this such as they have in Palo Alto where the young people have their own Civic supported theater. Palo Alto is the only city in the country, it is said, that has two separate theatres, one for children, and the other for grownups. Both are supported by the city. Edith Kopelson attended the conference held there last summer which drew educators and directors from every state in the Union, and she says it was an inspiring experience to see what is being done there.

Mrs. Earl Coffman, and all others with whom the plans have been discussed were enthusiastic. Mrs. Coffman asked those interested in the project to telephone her at 2-4885.

## Wishowski Now Indio Hotel Head

It was announced this week that Frank Wishowski, formerly on Del Tahquitz hotel staff, had taken the position as manager at the Hotel Indio in Indio. Well known in the Village, he was promoted to the Indio position when his employer, J. A. Norman purchased the swank Del Mar hotel in Del Mar.

## New World, Old West, Will Not Clash in Village

The new world and the old west may clash in Palm Springs, come October.

City council last week granted permission to the United Nations group to fly their banners here during UN week next October—providing the banners did not interfere with Western Week, also an October institution.

The request was filed with council last week by Mrs. L. T. Nichols of Pasadena who said UN week was to be observed October 19 to 25. She asked permission to have the UN flags flown here.

The motion to grant the permit was made by Councilman Ted McKinney who qualified it with the statement "unless it is Western Week."

City Manager Russell Rink will see to it that the new world and the old west do not clash.

## Safer Place

### Chief Kettmann Reports on Traffic

Palm Springs is getting to be a safer place to drive, Chief of Police Kettmann told city council last week.

Traffic accidents in April, 1952 dropped to 17. There were 26 in April, 1951. Traffic citations declined from 28 in 1951 to 145 in 1952 of the same month.

Police Reserves and the Mounted Police were given credit from the chief for their aid in controlling traffic during Circus Week and during the congested Palm Canyon traffic during paving of Indian avenue.

## Man-Power

### State Starts County Survey

California Department of employment started a man-power survey in Riverside county last week at Blythe in conjunction with the state employment division office in Los Angeles.

The crews will work westward contacting industry and business and studying records in each community. Community figures will be tabulated to provide for the first time in the history of the county a complete picture of its current man-power supply and potential growth.

The survey is expected to take two months.

## All-Year Club Marks 30th Year of Boosting Southland

The All-Year Club today celebrated 30 years of community advertising—putting the capital "S" in Southern California to the end that billions of dollars of additional wealth have flowed into this region from other states.

At a Board of Directors meeting at the Los Angeles Biltmore, President Walter Braunschweiger pointed out that before the tourist advertising campaigns began three decades ago, the capital "S" was not there. Usually it was southern (small "s") California.

**AND ADDITIONALLY** there have been many more billions of "retired wealth" brought by people who came as tourists and returned later to stay.

"These dollars have been just like a sight draft in favor of Southern California on the wealth of other states where these people amassed their lifetime savings before they retired and came here," he explained.

Paul S. Armstrong, general manager of the Sunkist Growers, was given much credit for success of the campaigns in a resolution voted by the All-Year Club board.

**ARMSTRONG** has served for 30 years on the advertising committee of advertising and marketing executives who volunteer to help shape the annual All-Year Club campaigns. Armstrong was described by the board as "one of the ablest marketing and advertising minds in the West."

James H. McCabe, vice-president of the Statler Hotel, was elected to the board of directors of the All-Year Club.

**DON THOMAS**, managing director, reviewed 30 years of advertising from the pioneer ads with Stutz open motor cars and girls in heavy woolen bathing suits.

Tourist income has been raised

## Kiwanians Hear Plan to Rezone All Reservation

Plans for new streets across Section 14, the reservation, and for zoning square mile area, were outlined at this week's meeting of Palm Springs Kiwanis club at World Wars Memorial Hall by Charles Woodman, city planner.

The matter has been before city planning commission at two hearings and council will consider its recommendations and take action in the Fall.

Woodman outlined plans for the new streets which will make the city hall and airport easier of access to the downtown area and the zoning details for the area.

Ray Lusby was chairman for the day and John Connors president, presided at the meeting.

## For Free

### Three Fourths of Meters to be Idle

Effective Sunday, parkers will not have to chuck it in the meters anywhere in town but on Palm Canyon drive between Amado road and Tahquitz drive and on Amado and Andreas between Palm Canyon and Indian avenue.

City council last week ordered the annual Summer vacation for parking meters on other streets. Approximately 270 of the city's 360 meters will be idle.

## Red Cross Drive Comes to an End

Dr. A. G. Hoff, Palm Springs Unified School District superintendent, who served as chairman of the annual Red Cross Fund drive, said this week that the campaign came to an official end last Saturday with the \$16,315 quota raised.

The original quota was \$15,615 which was increased \$700 because of flood disasters in the Midwest.

Dr. Hoff thanked Villagers for their contributions and the volunteers who gave of their time to aid the drive.

## It's Hotter

### So Cooler Goes from Local Home

Well, the days are getting warmer and Summer is almost here and perhaps that's why Mrs. P. D. Aguilar, 1608 San Jacinto Way lost her cooler. She reported it stolen Monday.

Sgt. Dale Thompson is investigating.

## Two Injured When Auto Overtakes

Eric W. Suesse, 37, and his wife, Ruth, 30, of Huntington Park, received minor injuries Sunday when their automobile went out of control at Araby Point on Highway 111 and overturned.

Both were treated at Desert Hospital and discharged.

## What makes Olympia so good?

## \*"It's the Water"

Light Olympia, like the famous beers of Munich and Burton-on-Trent, is famous for its constant, excellent quality... and largely for the same reason... "It's the Water"... makes it so. Premium quality hops, grains and a famous strain of pure cultured brewers-yeast are used exclusively.

Final touch of perfection is in the skillful brewing... a skill handed down through three generations of brewing experience.

Visitors are always welcome at Olympia Brewing Company, Olympia, Washington, U. S. A. "One of America's Exceptional Breweries"

## Carnation CORNER

## Oh, for a Hammock!

...a long summer afternoon, some nice light reading—and a tall, co-o-old glass of delicious Carnation Chocolate Drink. Cold and chocolatey—delicious and thirst-quenching at the same time—a treat, indeed!

Such a favorite with children, too. They seem to enjoy chocolate flavor more than any other—and you can let them enjoy it often, wholesomely, with Carnation Chocolate Drink. Keep plenty on hand!

## THE MIGHTY PEANUT

That good chocolate flavor of Carnation Chocolate Drink just seems to "go with" the nice salty taste of peanuts—and the two together make a fine, nutritious double treat! Did you ever dream what a treasure-house we find in the lowly peanut? Incredible as it seems, a pound of peanuts contains more strength-building proteins than a pound of sirloin steak, as much carbohydrate as a pound of potatoes, and one-third as much fat as a pound of pure butter! Specially good in...

## Peanut Buttermilk Cookies

(Makes 3 dozen cookies)  
1/2 cup butter or shortening  
1/2 cup sugar  
1 egg  
1 cup Carnation Buttermilk  
1 cup sifted flour  
1/2 teaspoon baking powder  
1/2 teaspoon salt  
1/2 cups finely chopped peanuts

Cream butter, sugar and egg until light and fluffy. Add buttermilk; blend until smooth. Stir in remaining ingredients until well-blended. Drop from spoon on buttered cookie sheet. Press flat with moistened glass or spatula. Bake in moderate oven (350°) about 10 minutes. Remove from cookie sheet at once.

## CARNATION BUTTERMILK'S BEST...

For baking, best for cookies, cakes and breads—makes a tender "crumb" adds to flavor, and it's rich in vitamins and minerals besides! Keep Carnation Buttermilk on hand and bake treats with it (that is, if your husband doesn't drink it all up first!).

## MILK SHAKES AT HOME

You'll find your house has become the most popular spot in the neighborhood—if you let the youngsters make their own "shakes" with Carnation Chocolate Drink and spoonfuls of Carnation Ice Cream! So much better for children than the weird combinations of carbonated concoctions they buy when they're "on their own"!

## Popularity Hint...

Add a big plate of Peanut Buttermilk Cookies to your "home soda fountain" and you'll probably be voted "Nicer Mother in the Neighborhood!"

## BARBECUE TIME MEANS SOOTY POTS

but why scrub and SCRUB that sticky soot? Rub yellow laundry soap over outside of pots before you put them over an outdoor fire. Soot and soap will wash off together easily, saving your time and temper!

## EVENING TURN CHILLY?

Add 1/2 cup of crushed chocolate mint patties to 1 qt. of Carnation Chocolate Drink and heat gently until chocolate is all melted. Warm, minty-luscious!

MOM For you, for Dad, for Sis and me, do get plenty of that good Carnation Chocolate Drink!

JUNE GOODE may be addressed c/o The Carnation Co. at address below.

## Library Notes

### PRISONERS AT THE BAR by Francis X. Busch.

An absorbing and lucid account of the trials of William Haywood, Sacco and Vanzetti, Loeb and Leopold, and Bruno Hauptmann, written not only from the legal and criminal aspects of these famous cases but as human problems in the vital perspectives of justice and ethics.

### FIFTY BILLION DOLLARS by Jesse H. Jones.

The story of the Reconstruction Finance Corporation by the man who headed it for twelve years. Recording actual figures, charts, tables, and valuable correspondence, this book has been described as an invaluable study for every banker, businessman, economist, historian, student of politics, and reader interested in domestic affairs.

### BERENSTAIN'S BABY BOOK by Stanley and Janice Berenstain.

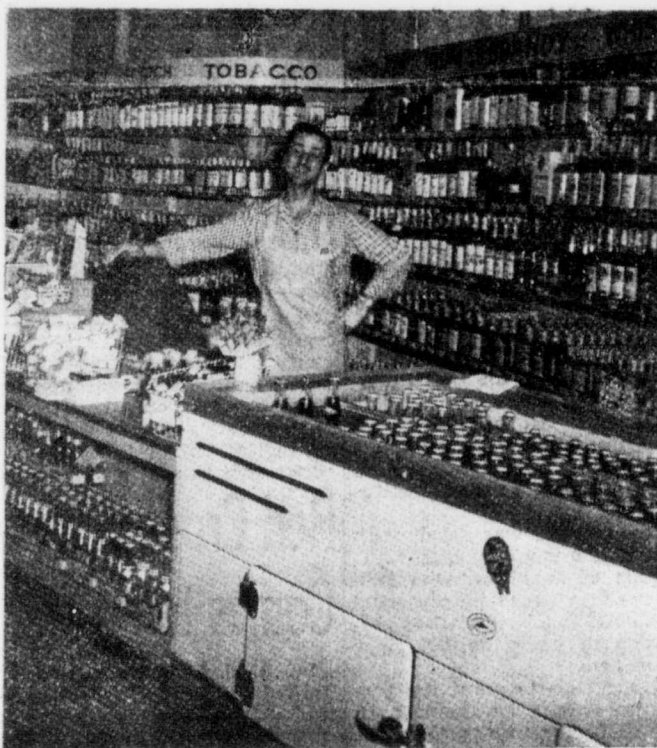

Well-known to thousands of readers of Collier's for their feature articles and cover-pictures of children, the Berenstains here present some of the typical dilemmas that face "the doughty and exploited masses (a parent, that is, or grandpa or grandma, aunt or uncle, teacher, baby-sitter or what-have-you)" in 27 amusing chapters illustrated with 50 entertaining drawings.

### WHITE HOUSE PROFILE by Bess Furman.

In one hundred and fifty years, thirty-one families have taken successive possession of the White House. From John and Abigail Adams to Harry and Bess Truman, this is the story of the way each President and his family shaped the White House to his particular needs and desires. Thomas Jefferson, Dolly Madison, Andrew Jackson, Abraham Lincoln, and the entire galaxy of American statesmen live again in this interesting historical account by a Washington reporter who for many years was a White House habitue.

### WINDOM'S WAY by James Ramsey Ullman.

A new novel by the best-selling

**NEW MANAGER**—Pictured above is Don Solo, manager of the newly opened Mayfair Liquor Store, a department of the Mayfair Market in the Desert Farmers Market. Solo, formerly head of the local market's delicatessen department, has been with the organization for six years. He will be assisted by Polly Thompson, the wife of sergeant Dale Thompson of the local police force. Store hours will be 10 A. M. to 10 P. M. daily and from noon to 9 P. M. on Sundays.

## I rise--- ---TO REMARK

By JOHN PHILLIPS

Your Congressman is back in the office, after a brief trip to California. It is always difficult to realize the speed to which we are being adjusted. On May 24th, Don Adams drove me to the airport, and I took the big Constellation for the west. That was 8:30 a.m., Washington time. The plane made two stops, St. Louis, where Congressman John Allen left it, to change to a smaller plane so he could stop and see

author of "The White Tower" and "River of the Sun," about an American doctor serving in a remote and tropical part of Southern Asia.

his daughter at Ames, Iowa, and again at Kansas City, when I made a 24 hour stop-over to see our daughter, in Topeka. The point is that I was in Topeka for a late lunch.

The next day I was on the same numbered flight from Kansas City, with no stop to Los Angeles. Congressman Pat Hillings was on the plane and we were amused when one of the Presidential candidates, Averell Harriman, boarded the same plane. He didn't recognize two Congressmen, although he might have even if he didn't know our names. He has appeared as a witness before us. What amused us was his insistence, in that true democratic spirit which seems to fill the hearts of the rich when they think of ordinary citizens, that he had to have the little single seat at the rear of the plane. The man who had settled himself comfortably in it, courteously gave it to Harriman. He sat huddled in it, like an anemic gnome, without removing his coat or his hat, all the way to Los Angeles.

**THE THREE-DAY** holiday threw me for a ten yard loss, when he was home. The people wanted to go to the shore or the mountains and I don't blame them. I did attend several meetings in the Imperial Valley, Brawley and Calexico, and had a grand time, as usual. One of the nicest meetings I ever attended was arranged for me at the Desert Air Hotel in the Coachella Valley, where we ate, in the soft desert air, at small tables around the pool. We talked about things in Washington, and I tried to translate what is going on here, in big terms and figures, into smaller and more understandable figures of everyday life. From the phone calls next day from people wanting to work, I think that is the way to meet the current emergency. Cut the facts down into the sizes of the things we understand at home! Jim Easley and Helen Hester and Bill Clay and Bill Lester and Beale Barnes deserve a lot of credit, and my thanks, for working up the schedule, and this Coachella meeting, and for driving me around.

I would mention a lot of people to whom I am still further indebted after this campaign just ended. I haven't the space. There were good meetings in Blythe, and Arlington and Perris, and I managed to get to meetings, as a guest, in Hemet and Riverside. Orange County arranged a luncheon meeting for me, with other local candidates present, on Monday, so I could talk to the workers in the county which, after January, will be separated from Riverside and Imperial Counties, and have its own Representative in the Congress.

AS USUAL, the subjects talked

# SWITCH TO DODGE-SLASH UPKEEP COSTS

"We switched to Dodge and upkeep costs went down."

... says MAURICE ATLAS  
Atlas Super Markets, Indianapolis, Indiana

"Since putting our first Dodge into service, we have been most satisfied. As soon as we switched to Dodge, our upkeep costs went down!"  
"We have found that Dodge 'Job-Rated' trucks perform at a much better level of economy in operating and maintenance costs, as compared to the previous makes we owned."

Whatever your needs, there's a Dodge truck "Job-Rated" to fit your job, save you money.

Every model—1/2- through 4-ton—is engineered with the right load-carrying units.

Every model—4,250 lbs. to 40,000 lbs. G.V.W.—is engineered with the right load-moving units for top performance.

Better weight distribution enables you to carry bigger payloads without overloading.

Come in today for a Show Down of value ... a demonstration ... and a good deal!

The Right Power. With a Dodge you'll enjoy "Job-Rated" power—the right engine for the job. You'll lower upkeep costs because of such features as chrome-plated top piston rings and exhaust valve seat inserts.

Longer Truck Life. With a Dodge "Job-Rated" truck you'll save on upkeep because of such advantages as a deep channel-type frame, sturdy "shot-peened" rear axle shafts, and long, special-alloy steel springs.

Fluid Drive Protection. Depend on glycol Fluid Drive to protect vital drive-line parts, keep upkeep costs low! This power "cushion" between engine and clutch is available on 1/2-, 3/4-, 1-ton and Route-Van models!

See us today for the best buy in low-cost transportation...

## One Service at St. Paul's Church Starting Sunday

Beginning this Sunday, June 15, there will be one service each Sunday at St. Paul's in the Desert, Episcopal church at 9 a.m.

The Rev. William Blondon will deliver the sermon and there will be Holy Communion at that hour.

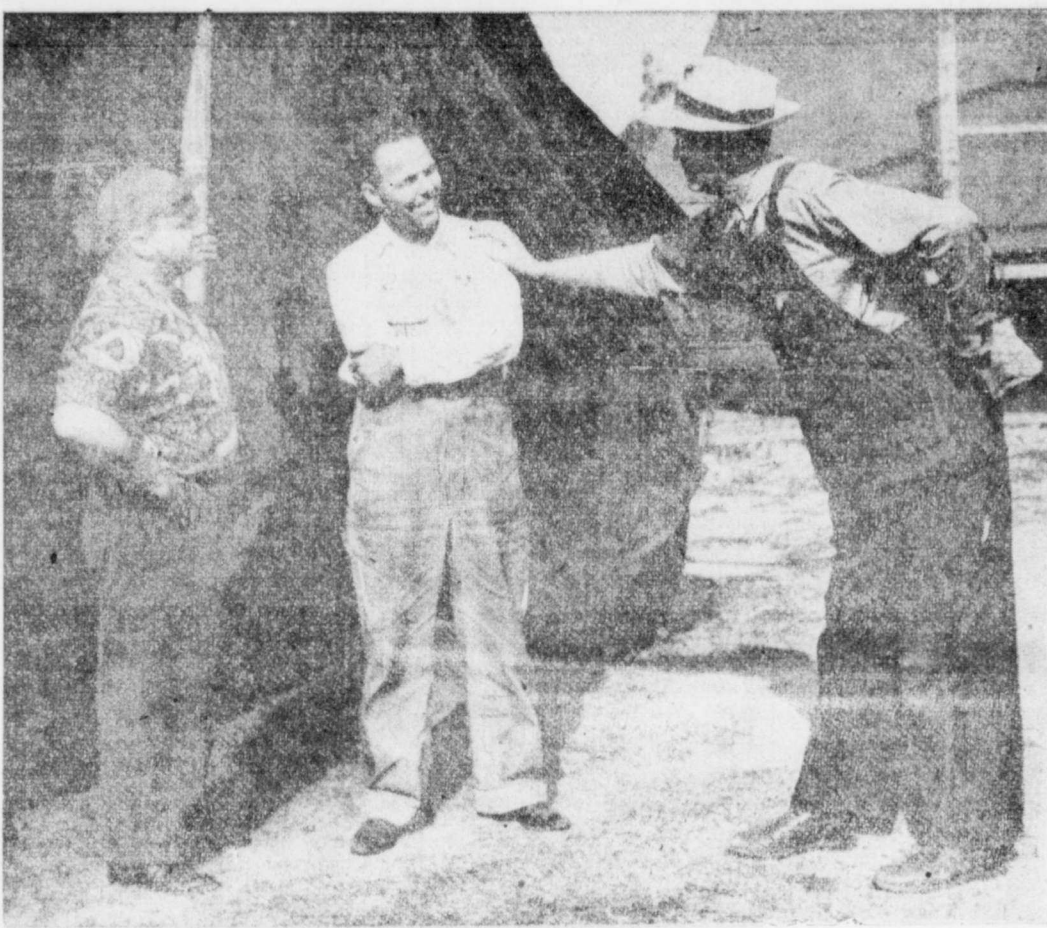

Music will be under the direction of Mr. and Mrs. Alex Hammond. St. Paul's in the Desert will remain open throughout June and July but will be closed in August when the rector and his family go on vacation.

## God Preserves Man Christian Science Bible Lesson Says

Biblical illustrations of God's power and willingness to preserve and heal those who trust in Him will be read as a part of the Sunday sermon in all Christian Science churches. The subject will be "God the Preserver of Man." The Golden Text is from Psalms: "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty" (91:1).

A Bible selection from the Acts (7: 9, 10) relates, "The patriarchs, moved with envy, sold Joseph into Egypt; but God was with him. And delivered him out of all his afflictions, and gave him favour and wisdom in the sight of Pharaoh king of Egypt; and he made him governor over Egypt and all his house."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "All things work together for good to them that love God; is the dictum of Scripture." "Step by step will those who trust Him find that 'God is our refuge and strength, a very present help in trouble.'" (pp.444).

AT TENT CITY—The Rev. R. A. Rentfro, pastor of the local Seventh Day Adventist church, (center above) helps erection of the tent near Riverside where 4000 Adventists will rally in the 35th southeastern California assembly starting today.

## Adventists Begin Sessions Tonight

Some 4000 Adventists from the southern part of the state are expected to attend the 35th annual assembly of the Southeastern California Conference to begin near Riverside on the evening of June 12, according to the Rev. R. A. Rentfro, local pastor.

The ten-day conference will be held on the campus of La Sierra College, an institution owned and operated by the denomination.

Many families will live in tents pitched in rows on the expansive lawns of the grounds

during the camp meeting period. Others will stay in rooms in the village or in motels and hotels of the city.

Visiting speakers will attend from Washington, D.C., Inter-America, New York, and Los Angeles.

The 175 family tents are being erected. The work of preparation for the large gathering includes the help of 45 ministers.

## City and County Negotiate Lease

City council Wednesday night authorized a lease of the city court room for county use. Riverside county will pay the city \$75 per month for the use of the room for the Judicial district over which Judge E. E. Theriault presides.

## Pastor and Wife to Tour Europe

Following next Sunday morning's service at Cathedral City Community church, Dr. Graham Hunter, pastor, and Mrs. Hunter will leave for a tour of Europe with a group of religious leaders. Services are now being held at 9:45 a.m. instead of the usual 11 o'clock service.

A supply minister, to be announced later, will occupy the pulpit during Dr. Hunter's absence.

The Hunters were honored at a farewell party given last Sunday night at the Peterson ranch, when more than fifty of their friends rallied to present them with gifts for their travels.

The evening was enlivened with games led by Ed Dering and singing to the piano accompaniment of Jack Hillery.

Women of the auxiliary served refreshments at the close of the evening.

## On Center Board

Mrs. Harold Lienau was appointed a member of the city health center board by Acting Mayor Florian Boyd last week. She succeeds Mrs. Barney Hinkle, resigned.

## Catholic Church Masses During Summer Listed

Monseigneur John F. Powers this week announced the schedule of Masses for the three local Catholic churches for the Summer months.

Masses will be said at Our Lady of Solitude at 6:15 and 8:30 a.m. until mid-September.

At St. Theresa's, Masses will be said at 7 and 9 a.m. and at Our Lady of Guadalupe, at 8 and 10 a.m.

This schedule will be in effect each Sunday throughout the remainder of June, July, August and the fore part of September.

## Program Sunday to Mark Close of Vacation School

Sunday evening at 7 o'clock an open house and closing program for the Vacation Bible school at Community church will be held. Work the children have done will be on exhibition and a program of recitations, songs and musical selections by the four departments will be presented.

Starting with an attendance of 85 the school grew daily and there were 115 enrolled at the start of the second week.

Parents and friends are especially invited to attend the open house. This will be the last Sunday evening service until September.

The morning service and Sunday school will be continued throughout the Summer months.

Next Sunday morning Dr. James H. Blackstone Jr., pastor, will speak on the subject "Unashamed of Christ" at the 11 a.m. service.

## City Hall Goes on Summer Schedule

City hall is on Summer schedule. All departments will be closed on Saturdays until September.

AT REDLANDS BOWL—Donivee Ellison, daughter of Mr. and Mrs. Jack Ellison, 342 North Calle Encelia, has been chosen for the role of Titania, Queen of the Fairies, in the Redlands Bowl production of Midsummer Night's Dream to be presented July 1.

## Stop Signs To Come Down on Indian Avenue

On recommendation of City Manager Russell Rink, city council last week authorized removal of stop signs against Indian avenue at Arenas, Andreas and

Alejo roads.

Rink said that with the widening of Indian avenue and the enforcement of the 25-mile speed zone, removal of the boulevard stop signs at these intersections would allow for a smoother flow of travel. Cars entering Indian avenue at these intersections will still be required to stop, he said.

## Lions Club Meets at Legion Hall

Until September Palm Springs Lions club will meet informally each Thursday at World Wars Memorial Hall, Earl Hough, president, said this week.

Formal meetings and set programs will be renewed in Fall.

## Want broiling without smoke or spatter?

That's an exclusive advantage of gas and the new gas ranges—now at dealers

THERE'S no smoke...no greasy vapor to settle on painted walls or make eyes smart...when you broil meats in a new automatic gas range. The clean blue flame of gas consumes smoke and spatter. Melted fats are drained away below the rack and protected from the direct heat. Heavy insulation and closed broiler door keep the heat out of your kitchen. You can broil with gas and be comfortable on even a warm day.

The live flame of gas really broils, too.

It sears your meat...seals in all juices and goodness...and imparts that wonderful char-type flavor you expect in meats broiled by expert chefs. And you have no clean-up blues afterwards. Gas broilers wash as easily as your favorite pan.

If you would like to know all the exclusive features of gas, see a gas range dealer or your Gas Company. You'll find that new automatic gas ranges not only cook better and look better...they also cost less to buy and operate. Select yours today.

Among the many makes of gas ranges on display during Spring Showing is this beautiful new
